About GhostTrace

GhostTrace LLC is a Georgia-based private research and cybersecurity firm providing lawful OSINT research, online scam investigation, impersonation removal, and incident documentation for individuals and small businesses nationwide.

We are not a law enforcement agency. We do not conduct unauthorized hacking, surveillance, or data theft. We use only legal, public-source investigative methods.

Boilerplate

"GhostTrace LLC is a lawful, ethics-first OSINT and cybersecurity research firm based in Georgia, USA, serving clients nationwide. GhostTrace documents digital safety incidents, investigates online scams and impersonation, and produces evidence-ready reports using only publicly available information."
